1. Yep, I just today sacrificed my rhoa to get cast on crit for sniper's mark to make it easier, [here's me] (https://poe2.ninja/profile/character/1vr1eiw6gfpSC/SWatercolour-2960/Bad_Watercolour), probably nothing surprising in my build. I do find it's hard to upgrade any gear now, it seems like such a balancing act with resistances and attributes that I don't want to mess with, and it's getting v expensive
2. thank you :) I don't have much to compare it to, because I only found poe at the very end of last league, but I enjoy it a lot. Up until a few days ago I had always been a lightning arrow deadeye, but I switched to the op lightning spear build to help with t4 pinnacle bosses, and now everything is quite easy. Xesht is my favourite and I'm looking forward to the loot buff it's meant to be getting!
